Note.—(a) The above rates include portorage by the Port Trust except in the case of any of the following items—Coal, coal ashes, coke, stone, ores, explosives, firewood, kerosine in cases or tins, empty oil cases, redwood, timber, and all goods landed outside the harbour. If timber be landed on a pier for carriage into the Trust's yard, portorage at the rate of Rs. 1-6-0 per 50 cubic feet shall be paid, but the Trust takes no responsibility for timber so landed—any more than for other timber. For empty oil cases of other sizes than 5 gallon the rate will be altered proportionately.

(b) If the aggregate of all charges payable in respect of any one consignment shall amount to less than 4 annas, a minimum charge of 4 annas will be levied.

(c) For all Government stores—except explosives, spoons, coal, coke and timber for which rates are shown in the above schedule—a uniform rate will be charged, inclusive of all charges, of Rs. 2 per ton of 50 cubic feet or 20 cwt.

(d) As long as the Port Trust relinquishes the portorage of Government stores the rate of harbour dues for such stores will be Rs. 1-12-0 instead of Rs. 2 vide Rs. 2 stated in Note (c).

(e) As long as the Port Trust relinquishes the portorage of sea *outside Asiatic landed* receiving cargo the rates for harbour dues on such cargo will be three annas less than those given in the above schedule. The reduction will not, however, apply to goods landed outside the harbour, or to coal coal mixes, coke, stone, ores, timber, redwood or firewood, if landed inside the harbour.

(f) The schedule rates for motor bicycles, motor cars, carriages and trimmers cover cranage on landing or shipment and also return after failure to ship should that happen.

(g) No dues will be charged on *bona fide* "apparel and effects" or "personal effects," accompanying passengers as their own personal luggage. But this exemption does not extend to Peons.

OTHER SERVICES WHICH THE BOARD MAY PERFORM FOR THE PUBLIC.

1. STORAGE—*Ordinary.*—(a) Exclusive of the days of shipment, landing and delivery, and also of Sundays and Chamber of Commerce holidays, three days will be allowed free from the date of landing or deposit at any wharf, pier, dock, land or building in the possession or occupation of the Board. After the expiration of these three free days, no further allowance will be made for Sundays or holidays, and the rate for storage for the first week or portion thereof will be one fourth of the rate given in the above scale for each article. For the second week or portion thereof, double the rate for the first week will be charged. For the third week or portion thereof, and thereafter for each week or portion thereof, treble the rate for the first week will be charged. Half storage rates will be charged if goods are stored in the open without covering either of tarpaulin or roof. For goods stored by the Board in its crane yard and for non-dutiable coasting cargo not porteraged by the Trust, the three free days begin only on the day after the sailing of the vessel in which they have arrived.

(b) *Export.*—But for goods stored in the eastern export shed, a charge of Re. 1 *per diem* will be made for each space of 150 square feet for the first week after the expiry of the above three free days. For the second week, double the rate for the first week will be charged. For the third and subsequent weeks, treble the rate for the first week will be charged. Similarly, small export consignments or individual packages may be charged at the rate of 1 anna per package per day for the first week, 2 annas per package per day for the second week and 3 annas per package per day for the third and subsequent weeks. But only half the above rates will be charged when goods are stored in what are known as the old or western export sheds.

(c) No free days will be allowed for goods brought for export into the Trust's premises and subsequently removed without having been shipped.

2. STORAGE—*Special*—(a) A charge of Rs. 5 *per annum* per 2,400 square feet will be levied for the storage of bulky goods, such as coal, coke, minerals, timber, iron, firewood, redwood, stone, etc., on application made in writing previous to deposit at any wharf, pier, dock or land in the possession or occupation of the Board. This reduced rate will be levied per calendar month or portion thereof, and a part of 2,400 square feet for part of a month will be reckoned as a full 2,400 square feet for a full month. All goods so stored at this reduced rate will be at the risk of the owners, the Trustees merely renting the space to owners by the month. In applying for leave so to store goods, owners must state that, in consideration of the reduced rate, they accept all risks and responsibility. In the absence of such a statement, *ordinary* storage rates will be levied, as given above in paragraph 1.

(b) From steamer agents and others to whom, at their request and at its discretion, the Port Trust may see fit to lease covered space by the month, rent will be levied at the rates of Re. 4 and Rs. 2 per 100 square feet, per calender month or portion thereof, for space so leased in the new and in the old export sheds, respectively. In applying for leave to store goods on space so rented, owners must state that, in consideration of the reduced rate, they accept all risks and responsibility. In the absence of such a statement, *ordinary* storage rates will be levied, as given above in paragraph 1.

3. STORAGE *of Iron and Steel.*—After allowing for such free days as the Board may see fit to grant, the following charges will be made for storage of the undelivered balances of consignees' consignments, as worked out from day to day:—

During the first month	.. ..	½ pie	per ton per day.
" second month	.. ..	1 anna	" "
" third "	.. ..	2 annas	" "
" fourth and subsequent months	.. ..	4 "	" "

Note.—The months will count from the date on which the steamer begins to discharge her cargo.

4. CRANAGE.—For the cranage of goods at any wharf, pier, dock, land or building in the possession or occupation of the Board:—for each package, chargeable by weight or measurement.

		Rs.	A.	P.		
Up to ½ a ton	at the rate of	0	4	0	per ton	per hoist
Over ½ ton and up to 1 ton	" "	0	8	0	"	"
Over 1 ton and up to 2 tons	"	1	8	0	"	"
Over 2 tons and up to 5 tons	"	2	8	0	"	"
Over 5 tons and up to 10 tons	"	4	0	0	"	"
Over 10 tons and up to 15 tons	"	5	0	0	"	"
Over 15 tons	"	6	0	0	"	"

Note.—These rates do not apply to Government stores except explosives, opium, coal, coke and timber.

5. HAULAGE—*Haulage of railway vehicles carrying goods to or from, or entering upon, any pier, dock, land or building in the possession or occupation of the Board.*—For each loaded vehicle, moved by the Board's engines or cranes, two annas per trip per ton carried, or in the case of coal, per ton of marked waggon capacity. When not so moved the charge for entry of vehicles will be one anna per trip per ton carried or marked respectively as aforesaid.

But for movement of vehicles over the Board's lines outside the harbour arms the charge will be 3 annas per trip per ton of marked waggon capacity for bulk or canned mineral oil, minerals or stone, or per ton carried of other goods. This 3-anna rate covers full or empty haulage of the vehicles inside and empty haulage outside the harbour arms. But it does not apply to timber, on which, wherever hauled, the 2-annas rate only is payable.

6. LOADING, UNLOADING AND SPECIAL PORTERAGE.—Into or from railway or other vehicles by hand labour, annas 2 per ton. Porterage not covered by harbour dues, actual amount paid by the Trust for such porterage.

7. TRANSHIPMENT, ETC.—Upon goods manifested for transhipment, if landed and re-shipped, cranage will only be paid upon re-shipment, but when transhipped from ship to ship, half harbour dues only will be charged. If the tonnage of goods so transhipped cannot be ascertained, dues will be levied upon the registered tonnage of the lighter or other craft conveying them. Seamen's effects and ships' fittings will be passed free; but in the case of the latter, the Trust is not obliged to handle them. When the Trust handles these at the request of the steamer agents cranage will be charged if cranes are used and an all over charge of four annas per ton will also be made to cover the cost of

moving them. Coal and petroleum fuel which has paid dues on landing will be re-shipped free. When goods are water-borne for shipment, but not shipped, a refund of dues, other than cranage, will be made, provided the refund is claimed within fourteen days from date of short shipment.

5. Demurrage.—When railway vehicles that have been made over by the Trust to firms of individuals for loading or unloading are detained by them beyond the period specified for such work by the Trust from time to time, such firms or individuals shall pay to the Trust any demurrage charges for which the latter will become liable to the railway authorities, in consequence of such detention, according to the railway's demurrage scale.

6. Overtime Working.—Steamer agents, who require cargo to be handled by the Port Trust outside the ordinary working hours, shall put in a regular application for such overtime working not later than 4 P.M. on the same day, or in the case of Sundays and holidays on the previous day, and shall pay to the Trust overtime fees on the following scale, whether subsequently they offer cargo during such outside hours or not.

Place where cargo is tendered.	Working days per hour.	Sundays and gazetted holidays.

THE MADRAS VETERINARY COLLEGE PROSPECTUS.

As there appears reason to believe that intending candidates for employment in Government service are in many cases not aware of the existence of the Madras Veterinary College and of the prospects offered by a veterinary career, the following prospectus of the college is published for general information. The rules of the college and the scale of the Provincial and Subordinate Veterinary service are liable to be altered if need requires at any time:—

1. The College affords theoretical and practical instruction in subjects appertaining to the veterinary profession with the object of training men for service under Government, Municipalities, Local Boards or private employers. The staff of the college consists of a Principal, an Assistant Principal, three lecturers and a subordinate establishment. The responsibility for the discipline and management of the college is vested in the Principal who is subject in the control of the Board of Revenue. Full clinical and other facilities are afforded to meet the educational requirements of students preparing for the diploma in Veterinary science. A Veterinary Hospital, Museum, Library, shoeing forge and students' hostel are attached to the college.

2. Candidates are eligible for admission without distinction of caste or nationality. They must not be under 18 years of age at the commencement of the term for which admission to the college is desired. A good colloquial knowledge of English is essential. Students are admitted to the College by selection which will be made by the Principal. Applications for admission should be made in writing in the prescribed form, copies of which may be obtained from the Principal's office and they should be submitted so as to reach the Principal not later than the 5th December of each year and should be accompanied by the following certificates:—

(*a*) of age;

(*b*) of physical fitness and moral character;

(*c*) that the applicant has passed the Matriculation examination of an Indian University, except in the case of Europeans and Eurasians, who may be admitted, though unpassed, at the discretion of the Principal.

3. In the event of a candidate being selected, he will be served with a special notice informing him of the particular day and hour when, and the place at which, he should present himself for personal selection. Candidates when admitted will be considered to be on probation for the first two months of the course and may be removed if found to be not satisfactory.

COURSE OF STUDY AND CURRICULUM OF INSTRUCTION.

4. The course of study for the diploma ordinarily extends over three years. The students of each year's course form a separate class. The number of students in each class is ordinarily limited to twenty. Promotion from one class to another is made with reference to results of the annual examinations. A student who fails in the class examination for two consecutive years is liable to be removed from the college.

The curriculum of instruction is as follows:—

(i) *First year.*

(1) Anatomy (up to Arthrology)
(2) Elementary Chemistry.
(3) Elementary Botany.
(4) Materia Medica.
(5) Handling of animals
(6) Pharmacy (Theoretical and Practical).

During this year students are given practical instruction in nursing, dressing, handling, casting and securing animals as well as in the names of the instruments and appliances used in ordinary practice.

(ii) *Second year.*

(1) Anatomy (the whole including Comparative Anatomy).
(2) Physiology.
(3) Hygiene (including Breeding and Rearing).
(4) Principles of Horse shoeing.
(5) Theoretical Veterinary Medicine and Surgery
(6) General nursing and instructions in the use of instruments and appliances.

During this year students are required to attend hospital practice and receive clinical instruction. They are also required to attend at the Forge and Pharmacy, to carry out dissections, and to perform operations on the dead subject.

(iii) *Third year.*

(1) Equine Medicine and Surgery.
(2) Bovine and Ovine Medicine and Surgery (including obstetrics).
(3) Diseases of dogs.
(4) Operative Surgery.
(5) Therapeutics (including Toxicology).
(6) Meat and milk inspections.
(7) Soundness of horses and ageing of domesticated animals.

During this year students are required to perform the duties of clinical clerks and dressers; to perform operations on dead subjects, and afterwards on living animals, to conduct *post mortem* examinations and generally to carry out practically all the duties appertaining to their profession.

Students who hold the diploma in agriculture are not required to attend the first year's course of study, but are examined in the subjects of both the first and second year courses at the end of their first year of attendance at the Veterinary College.

All students are required to undergo a course of equitation and gymnastics. A student absenting himself without leave from a lecture or from a practical, gymnastic or riding class is liable to be fined.

TUITION FEES AND STIPENDS.

5. Tuition will be free but a fee of Rs. 2 per term is payable by each student to meet the cost of sports. Government ordinarily allot ten scholarships annually, each of the monthly value of Rs. 10 in each class, but reserve the right to decrease the number or alter their value if necessary. Scholarships in the first year will be awarded by the Principal on the results of a competitive examination held by him to which only passed men will be admitted. Scholarships tenable in the higher classes are ordinarily allotted on the results of the annual examinations. A student already in the enjoyment of a scholarship from a local body or a private person is not eligible to compete for a Government scholarship. All scholarships are conditional on the good behaviour of the holders. Students who are in the enjoyment of the Government scholarships are required to refund the amounts which they have received if they leave the college without sanction or are expelled for misconduct.

6. In consideration of the free tuition given at the College, graduates will be required to execute an agreement binding themselves to serve Government in the Civil Veterinary Department for at least five years if their services are required so long, and to refund to Government the total cost of their Veterinary education in the case they are unwilling to serve Government as required.

TERMS AND TIME-TABLE.

7. Each year comprises two terms—a spring session from January to March and an autumn session from July to December. Tables of the times and subjects of lectures to which both teachers and students should adhere will be posted on the notice board at the commencement of each term.

VACATIONS AND HOLIDAYS.

8. (i) In addition to the miscellaneous public holidays, the students are allowed the following vacations and holidays:—

Midsummer vacation (two months).
Michaelmas holidays (one week).
Christmas and Easter holidays (Gazetted).

Students are required to attend hospital rounds in turn during vacations.

(ii) Leave of absence is granted by the Principal only. Scholarship holders may, at the discretion of the Principal, be granted casual leave, with allowances for not more than five days at a time or ten days in the year, but no casual leave will be granted in continuation of other holidays with allowances. Any further leave to scholarship holders except sick leave for a month will be subject to stoppage of scholarship. Leave of absence in each case of illness will be recognised only on the production of a certificate from a duly qualified medical practitioner.

EXAMINATIONS.

9. Examinations are conducted orally and are held annually in December in all the classes. For admission to the examination candidates must have studied at the college for such time as may be prescribed and have attended at least three-fourths of the year's lectures and have done practical work in their respective classes.

DIPLOMAS AND CERTIFICATES.

10. A diploma as graduate in veterinary science is awarded to students who have gone through the full course of three years' study at the college and have passed the final examination. Such of the students as are elected clinical clerks and prosectors and perform their duties satisfactorily are, in addition, awarded in special certificates on passing the final examination.

MISCELLANEOUS.

11. The hostel attached to the college provides accommodation for 23 students. Students are at liberty to make their own arrangements as to their board and lodging. A monthly rent of one rupee for a single room and annas twelve for a double room, *i.e.*, a room accommodating two students, will be charged from each student who elects to take up his lodging in the college hostel.

PROSPECTS OF STUDENTS WHO PASS OUT OF THE COLLEGE.

12. Graduates of the college are eligible for appointment to the following posts in the Provincial and Subordinate service of the Civil Veterinary Department in the Madras Presidency:—

Three Deputy Superintendents of Rs. 200 per mensem rising by annual increments of Rs. 25 to Rs. 400 per mensem.

Six Veterinary Inspectors (First Grade) on Rs. 100 per mensem rising by annual increments of Rs. 4 to Rs. 120 per mensem.

Thirteen Veterinary Assistants (First Grade) on Rs. 73 per mensem rising by annual increments of Rs. 2 to Rs. 84 per mensem.

Forty Veterinary Assistants (Second Grade) on Rs. 50 per mensem rising by annual increments of Rs. 5 to Rs. 75 per mensem.

Seventy-nine Veterinary Assistants (Third Grade) on Rs. 30 per mensem rising by annual increments of Rs. 4 to Rs. 60 per mensem.

While so employed, they will also be provided with free quarters or granted in lieu thereof a house-rent allowance not exceeding Rs. 6 per mensem.

All the above posts are pensionable. Veterinary graduates have, in addition, fair prospects of employment as Municipal Cattle Inspectors and as Assistants in charge of Veterinary dispensaries established by local bodies, private proprietors and Native States. It will be the duty of the Principal to render all reasonable assistance to passed students in securing suitable employment.

Ootacamund, October 11, 1909.

No. 437.—Whereas the President of the District Board, Tanjore, having the management of the Raja's chattrams in the Tanjore district, has applied under section 32 (c) of the Madras Forest Act V of 1882 for the extension of the provisions of section 26 of the said Act and of the rules made thereunder in the forests and waste lands of the chattram villages in the Pattukkôttai taluk of the Tanjore district, His Excellency the Governor in Council, in the exercise of the power vested in him under section 32 of the said Act, hereby extends the provisions of section 26 of the said Act V of 1882 and of the rules made thereunder to the said forests and waste lands in the Tanjore district.

No 438.—

Draft rules to regulate the management of the forests and waste lands in the chattram villages in the Pattukkôttai taluk which are under the management of the District Board of Tanjore.

Under the powers vested in him by sections 26 and 32 of the Madras Forest Act V of 1882, His Excellency the Governor in Council is pleased to make the following rules to regulate the management of the forests and waste lands in the chattram villages which are under the management of the District Board of Tanjore. These rules are subject to all rights now legally vested in individuals and communities.

I. Land at the disposal of the chattram department will, for the purposes of these rules, be classed as follows:—

(*a*) Reserved land.
(*b*) Unreserved land.

II. Reserved land includes all lands notified under the next following rule III. Unreserved land includes all other lands at the disposal of the chattram department.

III. Subject to the sanction of Board of Revenue, the Collector may, by order in writing to be duly notified in the District Gazette, select any areas within the chattram villages and may constitute them "reserved land". Upon the limits of these areas being notified in the District Gazette, it shall be unlawful for any person to fell, remove, girdle, mark, lop, tap, uproot, burn or strip off the bark or leaves from or otherwise damage any tree within such area or use, injure or remove any forest produce found thereon, unless he be authorized to do so by the Chattram Forest officer or by some one duly authorized by him to grant such permission.

IV. On such lands, no fresh clearing can be made for cultivation or for any other purpose unless a patta or lease has first been obtained from the Forest officer. The Forest officer is also authorized, subject to the orders of the Collector, to lease out any "reserved land" for such periods and subject to such conditions as he may consider necessary.

V. On all unreserved land in any village the grazing of cattle, the cutting of grass and the collection of dry wood, thorns and leaves of trees and shrubs for manure will be permitted free of charge, provided that the grass, wood, thorns or leaves are required by the inhabitants of that or of neighbouring villages for agricultural or domestic purposes. Heads of villages will be held responsible for seeing that the above privileges are not abused and, in the case of disputes, the Collector will decide which are the neighbouring villages within the meaning of this rule.

VI. The Collector may, by order in writing to be duly notified in the District Gazette, select any areas within the reserved lands and may constitute them fuel or fodder reserves or grazing grounds or may direct any area to be placed under special fire protection. Upon the limits of these areas being notified in the District Gazette, it shall be unlawful for any person,

wilfully or negligently, to set fire to any trees, to timber, grass or other forest produce or to kindle or keep burning any fire or to graze cattle or to permit cattle to trespass within such areas, except at such places, and subject to such conditions as may be prescribed by the Collector by notification in the District Gazette.

VII. Trees of all descriptions wherever found, whether upon reserved or unreserved lands, shall not be felled or otherwise interfered with except on permit given by the forest or other authorized officials of the chattram department on such conditions as may be notified from time to time by the Collector.

VIII. The felling, conversion, or removal of trees and timber, the collection or removal of other forest produce and the use of the pasturage on reserved land and except as provided for in rule V on unreserved lands also may be effected in one or other of the following ways but in no other ways :—

(a) Departmentally, that is, by the officers of the Chattram Forest Department having control over the produce or by persons acting under the immediate superintendence, control or orders of such officers.

(b) By persons holding permits duly issued by a Forest officer or other authorized person. The fees payable for permits issued under clause (b) shall not exceed the rates for the time being in force in Government land in the district. These rates will be notified from time to time in the District Gazette.

(c) By any person holding the right under a lease, contract or permit granted by the Forest officer or by any officer duly authorized by him

NOTE.—In this rule as well as in rule III above, the term "Forest produce" should be construed as not to include minerals (including limestone, laterite, gravel, stone or earth).

IX. The Collector may appoint, by notification in the District Gazette, any person or class of persons by name or by virtue of his or their office, to issue or recover permits, under the foregoing rules, and may also prescribe taluks or places at which the timber or other forest produce shall be brought for examination, and where permits shall be checked or recovered. Permits must be obtained before any felling, conversion, collection or removal is commenced. Permit holders must comply with the regulations of the Forest Department and the conditions entered in the permit.

X. The Collector may notify that no person shall boil catechu, distil woodoil or burn lime or charcoal in any reserved or unreserved land except in such places as may be specially set apart for the purpose by the Forest officer.

6. In section 22, sub-section (2), and section 26, sub-section (*1*), of the said Act, for the words "the Judicial Commissioner" the words "the Court of the Judicial Commissioner" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The main objects of this Bill to amend the Central Provinces Courts Act, 1904, are—

(1) to declare that the Court of the Judicial Commissioner shall consist of at least three Judges;

(2) to provide for the hearing of important cases in that Court by a bench of two or more Judges; and

(3) to extend the pecuniary jurisdiction of Munsifs and Subordinate Judges.

2. The desirability of effecting these amendments in the law has been urged on the Government of India by the Local Government for some time past. The Provinces are developing rapidly on their commercial side, and it has already been found necessary to retain permanently the services of two Additional Judges for the Judicial Commissioner's Court. The effect of the proposed enlargement will be to give to the Additional Judges the position of Judges of the High Court for these Provinces, with the result that the provisions of sections 377 and 378 of the Code of Criminal Procedure, 1898, requiring the concurrence of two Judges for the confirmation of death sentences, will become applicable to that Court.

3. To minimize the chance of confusion arising from conflicting rulings of different Judges of the highest Court of appeal and to allow of a final decision being obtained on questions of importance, it is considered desirable to provide for the hearing of important cases by a bench of two or more Judges of the Court. These provisions are drawn on the lines of similar provisions contained in the Lower Burma Courts Act, 1900, which have been found to work well in Burma.

4. The extension of the jurisdiction of the Munsifs and Subordinate Judges has been found to be necessary to facilitate the distribution of the civil judicial business. The existing limits of the pecuniary jurisdiction of these officers under clauses (*a*) and (*b*) of section 13, sub-section (*1*), of the present Act are lower than in most other parts of India, and, in view of the great improvement in the personnel of the judicial services in these Provinces, it has been considered desirable that these limits should be raised.

5. The details of the proposed amendments are explained in the *Notes on Clauses* below.

The 19th October 1909. H. H. RISLEY.

Notes on Clauses.

Clause 2.—This clause proposes to substitute a new Chapter for Chapter II of the present Act. The sections proposed to be substituted are—

Section 3, which is the same as present section 3 ;

Sections 4, 5. and 5A, which declare the constitution of the Judicial Commissioner's Court and gives power to the Local Government, with the sanction of the Governor General in Council, to increase the number of Judges beyond three ;

Sections 5A, 5. and 5A, which provide for the rank and precedence of Judges, the exercise of jurisdiction and the constitution of benches, are framed on the lines of the corresponding sections of the Lower Burma Courts Act, 1900 ;

Section 5B —The power of the Judicial Commissioner under section 6 (3) of the present Act to transfer cases is proposed to be extended to cases of which the hearing may already have commenced ;

Section 6C, which provides for the reference of cases to a full bench, is on the lines of section 21 of the Burma Act ;

Section 6, which corresponds to section 8 of the present Act, provides that a Judge, who under the present section would be disqualified from hearing an appeal, may hear it as a member of a bench ;

Section 6A, which provides for cases of difference of opinion between members of a bench ;

Section 7, which reproduces the present section 7 ;

Sections 8 and 9, which transfer to the Court the powers vested in the Judicial Commissioner under the corresponding sections of the present Act.

Clause 3.—By this clause it is proposed to amend section 13 of the present Act so as to extend the pecuniary jurisdiction of Munsifs to one thousand rupees and that of Subordinate Judges to ten thousand rupees.

Clause 4.—The amendment of clause (*b*) of section 14 of the Act proposed by this clause provides for appeals from the decisions of Subordinate Judges in suits of which the value exceeds five thousand rupees.

Clause 5.—This clause proposes the addition of a new sub-section to section 17 of the present Act providing for the inspection of Subordinate Courts by the Judges of the Court of the Judicial Commissioner.

Clause 6—The power of the Judicial Commissioner to appoint Munsifs and fix holidays under sections 22 (*2*) and 28 (*2*) respectively of the present Act is assigned by this clause to the Court.
